BCCPAC Committee Report

Submitted by: **Student Safety - SRC** **(Standing Resolution Committee)**
Person(s) submitting: Stephanie Longstaff, John Puddifoot, Deanne Harris
Date of Event: July 10, 2009
Location of Event: Conference call

The committee met and was able to discuss 17 of the 28 issues before them. We are carrying on with the conversations via email on the last 10 resolutions that may need attention.
Of the 17 issues we have discussed so far, we feel that there are many different actions that need to be taken over the course of the 09 -10 school year. There is nothing that requires immediate attention.
We feel:

- 3 - of the issues need to hold one meeting with a larger committee. Adding 2 or 3 persons that are interested in helping out on those particular issues
- 5 - issues require more research or consulting with 'experts' (those who know more about that particular issue).
- 7 - need letter written to various people.
- 1 - needs to survey the members in Sept or Oct to determine what the need is still out there.
- 1 - has to do with the Criminal record check review and we need direction from the board where we are with that issue.

We would like to know what method the board would prefer for us to use, to find interested parents to help with particular subjects, such as seatbelts on school busses.
We will have a more detailed report for the board by the end of the summer.
