BCCPAC Board Member Report

Standing Resolution Committee – Leadership Manual
July 19, 2009

The initial response to reviewing of the documents provided to the Leadership Manual committee with regards to the revision/updating of the 2004 Leadership Manual is that what was provided was two new resources and not an update/revision of the existing resource.

The committee requests additional time to do some research on this major change, to recruit additional help, do further review and make recommendations to the Board.

Deborah Garrity
Leadership Manual Chair
