Standing Resolution Committee-support services and funding

Report and recommendations to the BCCPAC Board of Directors July 2009

Fiona Delcourt- Chair

The committee members are,

Chris Remple
Anna Gladue

The committee had 5 resolutions from the 2009 AGM to consider actions for.

The committee makes the following recommendations.

13. Creation of Educational Field Trip Transit Pass

That a letter be sent to all of the destinations listed below and for a letter to also be sent to triped at info@triped.info. Their website is http://www.triped.info/
This group already has letters of support on their website from BCSTA, Vancouver Board of Education, David Suzuki Foundation and many more.

Ministry of Education
Union of BC Municipalities
BCSTA
Transit Authorities
BC Ferries
Boards of Education

The letter should state that BCCPAC supports the creation of a of a low cost yearly educational field trip and sports team transit pass to allow a class of children, with adult supervisors, to use transit for educational trips where public transit exists throughout BC.

Since this seems to already be getting worked on by other groups, it may be enough right now for us to just send letters of support.

15. PAC Playground Grants-Eligible Uses

That a letter be sent to the destinations listed below.

Minister of Education
Minister of Housing and Social Development
Minister of Public Safety & Solicitor General-Gaming Policy and Enforcement Branch

The letter should state that BCCPAC members urge the Minister of Education and BC Gaming Policy & Enforcement Branch to expand the eligible uses of PAC Playground grants in light of recent government initiatives regarding daily physical activity, healthy schools and BC area schools program to include sports courts and similar outdoor equipment and secure bicycle storage structures and installation.
